### **6.3 Use of Payment Service Providers**

- Paypal

Online payment methods from the following provider are available on this website: PayPal (Europe) S.a.r.l. et Cie, S.C.A., 22-24 Boulevard Royal, L-2449 Luxembourg

If you select a payment method of the provider for which you make an advance payment, your payment data provided during the ordering process (including name, address, bank and payment card information, currency and transaction number) as well as information about the content of your order will be passed on to the provider in accordance with Art. 6 (1) point b GDPR. In this case, your data will only be passed on for the purpose of processing payment with the provider and only to the extent necessary for this purpose.

When selecting a payment method of the provider with which the provider makes advance payments, you will also be asked to provide certain personal data (first name and surname, street, house number, postcode, city, date of birth, e-mail address, telephone number, if applicable data on alternative means of payment) during the ordering process.

In order to safeguard our legitimate interest in determining the solvency of our customers, this data is passed on to the provider by us for the purpose of a credit check in accordance with Art. 6 (1) point f GDPR. On the basis of the personal data provided by you as well as further data (such as shopping cart, invoice total, order history, payment history), the provider checks whether the payment option selected by you can be granted with regard to payment and/or bad debt risks.

The credit report may contain probability values (so-called score values). Insofar as score values are included in the result of the credit report, they have their basis in a scientifically recognised mathematical-statistical procedure. The calculation of the score values includes, but is not limited to, address data.

You can object to this processing of your data at any time by sending a message to us or to the provider. However, the provider may still be entitled to process your personal data if this is necessary for the contractual processing of payments.

- Paypal Checkout

This website uses PayPal Checkout, an online payment system from PayPal, which consists of PayPal's own payment methods and local payment methods from third-party providers.

When paying via PayPal, credit card via PayPal, direct debit via PayPal or - if offered -

"Pay Later" via PayPal, we pass on your payment data to PayPal (Europe) S.a.r.l. et Cie, S.C.A., 22-24 Boulevard Royal, L-2449 Luxembourg (hereinafter "PayPal") as part of the payment processing. The transfer takes place in accordance with Art. 6 Para. 1 lit. b GDPR and only insofar as this is necessary for the payment processing.

For the payment methods credit card via PayPal, direct debit via PayPal or - if offered - "Pay later" via PayPal - PayPal reserves the right to conduct a credit check. For this purpose, your payment data may be passed on to credit agencies in accordance with Art. 6 Para. 1 lit. f GDPR on the basis of PayPal's legitimate interest in determining your solvency. PayPal uses the result of the credit check in terms of the statistical probability of non-payment for the purpose of deciding on the provision of the respective payment method. The creditworthiness information may contain probability values (so-called score values). Insofar as score values are included in the result of the credit report, they have their basis in a scientifically recognised mathematical-statistical procedure. The calculation of the score values includes, but is not limited to, address data. You can object to this processing of your data at any time by sending a message to PayPal. However, PayPal may still be entitled to process your personal data if this is necessary for the contractual processing of payments.

If you select the PayPal payment method "purchase on account", your payment data will first be transferred to PayPal in preparation for payment, whereupon PayPal will forward them to Ratepay GmbH, Franklinstraße 28-29, 10587 Berlin ("Ratepay") in order to carry out the payment. The legal basis in each case is Art. 6 para. 1 lit. b GDPR. In this case, RatePay carries out an identity and creditworthiness check on its own behalf to determine solvency in accordance with the principle already mentioned above and passes on your payment data to credit agencies on the basis of the legitimate interest in determining solvency in accordance with Art. 6 Para. 1 lit. f GDPR. A list of the credit agencies that Ratepay may use can be found here:  
<https://www.ratepay.com/legal-payment-creditagencies/>

When using the payment method of a local third party provider, your payment data will first be forwarded to PayPal for the preparation of the payment in accordance with Art. 6 (1) lit. b GDPR. Depending on your selection of an available local payment method, PayPal will then transfer your payment data to the corresponding provider in order to carry out the payment in accordance with Art. 6 Para. 1 lit. b GDPR:

- Sofort (SOFORT GmbH, Theresienhöhe 12, 80339 Munich, Germany).
- iDeal (Currence Holding BV, Beethovenstraat 300 Amsterdam, Netherlands)

#### **6.4 Credit Check**

If we make advance payments (e.g. delivery on account), we reserve the right to carry out a credit check on the basis of mathematical-statistical procedures in order to safeguard our legitimate interest in determining the solvency of our customers. We transmit the personal data required for a creditworthiness check to the following service provider in accordance with Art. 6 (1) point GDPR:

Creditreform Bremen, Contrescarpe 17, 28203 Bremen

The credit report may contain probability values (so-called score values). If score values are included in the result of the credit report, these are based on recognized scientific mathematical-statistical methods. The calculation of the score values includes, but is not limited to, address data. We use the result of the credit assessment regarding the statistical probability of non-payment for a balanced decision on the establishment, implementation or termination of the contractual relationship.

You can object to this processing of your data at any time by sending a message to the data controller or to the aforementioned credit agency. However, we may still be entitled to process your personal data if this is necessary for contractual processing of payments.

#### **7) Web Analysis Services**

Google Analytics 4

This website uses Google Analytics 4, a service provided by Google Ireland Limited, Gordon House, 4 Barrow St, Dublin, D04 E5W5, Ireland ("Google"), which can be used to analyze the use of websites.

When using Google Analytics 4, so-called "cookies" are used as standard. Cookies are text files that are stored on your terminal device and enable an analysis of your use of a website. The information collected by cookies about your use of the website (including the IP address transmitted by your terminal device, shortened by the last digits, see below) is usually transmitted to a Google server and stored and processed there. This may also result in the transmission of information to the servers of Google LLC, a company based in the USA, where the information is further processed.

When using Google Analytics 4, the IP address transmitted by your terminal device when you use the website is always collected and processed by default and automatically only in an anonymized manner, so that a direct personal reference of the collected information is excluded. This automatic anonymization is carried out by shortening the IP address transmitted by your terminal device by Google within member states of the European Union (EU) or other contracting states of the Agreement on the European Economic Area (EEA) by the last digits.

On our behalf, Google uses this and other information to evaluate your use of the website, to compile reports (reports) on your website activities or your usage behavior

and to provide us with other services related to your website usage and internet usage. In this context, the IP address transmitted and shortened by your terminal device within the scope of Google Analytics 4 will not be merged with other data from Google. The data collected in the context of the use of Google Analytics 4 will be retained for 2 months and then deleted.

Google Analytics 4 also enables the creation of statistics with statements about age, gender and interests of website users on the basis of an evaluation of interest-based advertising and with the involvement of third-party information via a special function, the so-called "demographic characteristics". This makes it possible to determine and distinguish between groups of website users for the purpose of targeting marketing measures. However, data collected via the "demographic characteristics" cannot be assigned to a specific person and thus not to you personally. This data collected via the "demographic characteristics" function is retained for two months and then deleted.

All processing described above, in particular the setting of Google Analytics cookies for the storage and reading of information on the terminal device used by you for the use of the website, will only take place if you have given us your express consent for this in accordance with Art. 6 (1) lit. a GDPR. Without your consent, Google Analytics 4 will not be used during your use of the website.

You can revoke your consent once given at any time with effect for the future. To exercise your revocation, please deactivate this service via the "Cookie Consent Tool" provided on the website.

#### Google Signals

On this website, the "Google Signals" service can also be used as an extension of Google Analytics 4. With Google Signals, cross-device reports can be created by Google (so-called "cross-device tracking"). If you have activated "personalised ads" in your Google account settings and you have linked your internet-enabled devices to your Google account, Google can analyse user behaviour across devices and create database models based on this, provided you have given your consent to the use of Google Analytics in accordance with Art. 6 Para. 1 letter a GDPR (see above). The logins and device types of all page visitors who were logged into a Google account and performed a conversion are taken into account. The data shows, among other things, on which device you first clicked on an ad and on which device the associated conversion took place. Insofar as Google Signals is used, we do not receive any personal data from Google, but only statistics compiled on the basis of Google Signals. You have the option of deactivating the "personalised ads" function in the settings of your Google account and thus turning off the cross-device analysis. To do this, follow the instructions on this page: <https://support.google.com/ads/answer/2662922?hl=de>

Further information can be found here:

<https://support.google.com/analytics/answer/7532985?hl=de>

#### User IDs

As an extension of Google Analytics 4, the "UserIDs" function can also be used on this website. By assigning individual UserIDs, we can have Google create cross-device

reports (so-called "cross-device tracking"). This means that your usage behaviour can also be analysed across devices if you have given your corresponding consent to the use of Google Analytics in accordance with Art. 6 Para. 1 letter a GDPR, if you have set up a personal account by registering on this website and are logged into your personal account on different end devices with your relevant login data. The data collected in this way shows, among other things, on which end device you clicked on an ad for the first time and on which end device the relevant conversion took place.

We have concluded a so-called data processing agreement with Google for our use of Google Analytics 4, by which Google is obliged to protect the data of our website users and not to pass it on to third parties.

For data transfers to the USA, the provider participates in the EU-US Data Privacy Framework, which ensures compliance with the European level of data protection on the basis of an adequacy decision by the European Commission.

Further legal information on Google Analytics 4 can be found at the following link:  
<https://policies.google.com/privacy?hl=en>

Details on the processing triggered by Google Analytics 4 and Google's handling of data from websites can be found here: <https://policies.google.com/technologies/partner-sites>

## **8) Site Functionalities**

### reCAPTCHA

On this website, we use the CAPTCHA service of the following provider: Google Ireland Limited, Gordon House, 4 Barrow St, Dublin, D04 E5W5, Ireland

Data may also be transmitted to: Google LLC, USA. For the visual design of the CAPTCHA window, the provider uses "Google Fonts", i.e., fonts loaded from the Internet by Google. No further information is processed except that mentioned above, which is already transmitted to Google via the functionality of ReCaptcha.

The service checks whether an input is made by a natural person or abusively by machine and automated processing with the aim of blocking spam, DDoS attacks and similar automated malicious attacks. To ensure whether an action is performed by a human being and not by an automated bot, the provider collects the IP address of the end device used, the recognition data of the browser, the operating system type and the date and duration of the visit and transmits these data to the provider's servers to be evaluated.

This process is based on our legitimate interest in determining individual responsibility when using the Internet and in preventing abuse and spam in accordance with Art. 6 Para. 1 lit. f GDPR.

We have concluded an order processing contract with the provider, ensuring the protection of our site visitors' data and prohibiting unauthorized disclosure to third parties.

For data transfers to the USA, the provider participates in the EU-US Data Privacy Framework, which ensures compliance with the European level of data protection on the basis of an adequacy decision by the European Commission.

## **9) Tools and Miscellaneous**

### **9.1 - DATEV**

For the execution of the accounting, we use the service of the cloud-based accounting software of the following provider: DATEV eG, Paumgartnerstr. 6-14, 90429 Nuremberg, Germany

The provider processes incoming and outgoing invoices and, if applicable, also the bank transactions of our company in order to automatically record invoices, match them to the transactions and create the financial accounting from this in a semi-automated process.

Insofar as personal data is also processed in this context, the processing is carried out in accordance with Art. 6 (1) point f GDPR on the basis of our legitimate interest in the efficient organisation and documentation of our business transactions.

**9.2** This website uses a so-called "cookie consent tool" to obtain effective user consent for cookies and cookie-based applications that require consent. The "cookie consent tool" is displayed to users in the form of an interactive user interface when they access the page, on which consent for certain cookies and/or cookie-based applications can be given by ticking the appropriate box.

Using the tool, all cookies/services requiring consent are only loaded if the respective user provides the corresponding consent by ticking the corresponding box. This ensures that such cookies are only set on the respective end device of the user if consent has been granted.

The tool sets technically necessary cookies to save your cookie preferences. Personal user data is generally not processed.

If, in individual cases, personal data (such as the IP address) is processed for the purpose of storing, assigning or logging cookie settings, this is done in accordance with Art. 6 (1) point GDPR based on our legitimate interest in legally compliant, user-specific and user-friendly consent management for cookies and thus in a legally compliant design of our website.

Further legal basis for the processing is Art. 6 (1) point c GDPR. As the responsible party, we are subject to the legal obligation to make the use of technically unnecessary cookies dependent on the respective user consent.

Further information on the operator and the setting options of the cookie consent tool can be found directly in the corresponding user interface on our website.
